

FOUNTAINS' NEWSLETTER

Welcome back, we hope you had a lovely half term break and are now getting ready for Carlton Lodge. For the final half term of the year our topic will be **Theatre** and within this we will be looking at play scripts and stage design. Following on from our work on Romans we will also look in more detail at the life of Julius Caesar.

In Science we will continue our work on plants looking at germination and seed dispersal. We will also grow a range of plants to look at the conditions they need to flourish.

In Literacy we will be looking at plays and dialogues and will begin by looking at features of playscripts. Thank you for your support with your child's spellings. We do work on them each week in class and test the children on them on a regular basis.

Maths will focus initially on fractions, looking at the numerator and denominator and also the decimal equivalent of fractions. Please continue to help your child at home with their maths target booklet. We will test in class. It is important to remember that answers need to be instant recall. Also remember to keep practising your times tables.

PE will take place on Mondays and on Fridays, please make sure children have appropriate kit. This half term we will be doing athletics and practising our skills for sport's day and we will aim to be outdoors whenever the weather permits.

We will continue to change reading books on Mondays and Thursdays for year 3s; thank you for your continued support with home reading. Year 4s will change their own reading books as necessary.

As always we are available before or after school if you have anything regarding your child you need to discuss.

Mrs Wells and Ms Gauder.
June 2015.
